

I want to own my Cell Phone Telephone Number! As a business owner and operator, it is imperative that we keep the same cell phone number, otherwise we loose all repeat customers and thus our business would fail. Not to mention the large expense incurred printing new cards, letter head, tee shirts and the labor cost to contact old customers!

Therefore, even if we were unhappy with our carrier, we would not be unable to switch carriers if needed.

Small business is the back bone of America. Please help us all to succeed by allowing us to Own Our Cell Phone Numbers!

Thank you,

Xochi Hughes
